Know the real total before you book. Fill in your own prices, or use our guide ranges on the right.

What you have	Your price	How often	Times a month	Monthly cost	Guide range / month
Clip-in extensions (one-off ÷ months of use)					£7–£40
Tape-in or weft reapplication					£55–£135
Lash infills					£45–£130
Gel / builder manicure					£35–£100
Aftercare products					£15–£40
Removal / repairs					£0–£30
Total per month					
Total per year (× 12)					

How to work it out

1. Write down what each service costs, including tip and travel.
2. For one-off buys (like clip-ins), divide the price by the months you expect to use them.
3. Multiply price × times per month. A fill every 3 weeks is about 1.4 times a month.
4. Add it all up, then multiply by 12 for the yearly cost.

Tip: good aftercare means fewer repairs and longer between appointments. Ask what is included in a price (removal, infills, deposits) before you book. Guide ranges are indicative UK prices and vary by area and technician.
